

Feet Fetish May-2020 Box Pillow Cover

Materials & Supplies:

- Décor fabric – Your choice, could be any cotton or cotton blend. [See Below](#)
- [Upholstery Foam](#) – Please use a pre-cut foam cushion - [See Below](#)
- [Upholstery zipper](#) – I use a metal zipper or outdoor plastic zipper
- [Padding](#) – Thin layer of batting. Can be white low or hi loft. No warm & natural for outside pillow.
- [Thread](#) – Cotton or poly
- [Scissors](#) – Snips and large fabric cutting scissors
- [Seam ripper](#) – Sharp one, the razor ones we sell are perfect!
- [Fabric marker](#) – chalk or any marker that will disappear
- [Foam spray adhesive](#)- fabric adhesive -KK 2000 will work fine
- Ruler or tape measure
- Zipper sewing machine foot and/or long zipper foot for larger piping, if you have one.
- Packaged piping- your choice of size, larger pillow-larger piping
- Microtex needles size 14 – several of them
- Machine and all accessories, power cord and foot controller

BELOW

Buy the pre-cut foam pillow foam first, measure the 4 sides and add 1” on each side, measure the top and bottom across and add 1”. My square foam pillow form is 15” X 17” X 2” and I bought 1.5 yards of fabric to make sure I had plenty to cover. I got it at JoAnn’s.

I’ll be contacting you closer to May with instructions on how to cut your fabric before class. I’ll email with basic cutting instructions and call those who need extra help.
