

Machine Embroidery Basics

Join McDougal Sewing Centers Embroidery Specialists for a hands-on embroidery quick start session. This workshop will cover:

- Navigating your embroidery machine
- Threading for embroidery
- Proper hooping and basic stabilization
- Stitching a built in design
- Lettering
- Stitching a design from a design collection (i.e. Jenny Haskins collections)

Bring your machine and its basic embroidery setup, check the supply list below for other supplies needed.

Pre-requisite: Computer Machine Basics
