Why Buy from McDougal? The McDougal Advantage

WIDE VARIETY OF MACHINE CHOICES

McDougal Sewing Center is the only Premier HUSQVARNA VIKING® and PFAFF® Dealer in the Houston area. Along with those brands we also sell JUKI®, and BROTHER® machines with Disney® designs available. We offer a large selection of sewing machines and supplies including: new and used sewing machines, sergers, quilting machines, embroidery machines, needles, threads, books and more.

NO-RISK ONE-YEAR TRADE-UP PROGRAM*

Many of our customers find their sewing habits change over time and they discover they want to be able to do things that their current machine does not do. Our generous trade-up policy toward any other HUSQVARNA VIKING®, PFAFF®, or BROTHER® sewing machine allows for easy and affordable upgrade to a better machine for you.

*See store for more details.

PROFESSIONAL TECHNICAL SERVICE

At McDougal Sewing Center, we are rightly proud of our full service technical department. We service and back up everything we sell with expert technical service. Additionally, even if you purchase your machine elsewhere, we'll be happy to service your machine for you. Our staff of full time technicians are professionally trained and certified to make sure your machine keeps running like new. We guarantee your satisfaction on every service we perform.

UNLIMITED MACHINE USAGE CLASSES

Learn new techniques and tools to make your sewing the best it can be. Our Owners classes cover basic features of the sewing machine including Special Features, Decorative Sewing and Embroidery Basics.

CREATIVE CLASSES

Our stores offer different creative classes for all sewing levels. Whether you're looking for a fun project, wanting to learn more sewing techniques, or just want to meet some new friends, our creative classes are a great way to learn and have fun all at the same time!

Dan's Digest

The COVID19 pandemic has created new challenges and adjustments in our lives. One of the many changes has been in how consumers shop and buy products. We prefer the product be delivered to our front door. The e-commerce world has become a new way of business for the majority of consumers today due to safety and social distancing.

The sewing machine industry is adjusting to accommodate internet price match by giving consumers a choice. When companies match internet pricing they match that level of service and support. Basically a machine in the box with no dealer support

Part of our history and success has been in our belief in hard work, honesty and building long-term relationships with our customers. We will continue to offer the professional support after the sale as always. With choosing internet price match, the basic machine classes, technical service and creative

classes will be offered to customers for an additional cost. Even though many consumers are not looking for personal support we will continue striving to bring our ethics and principles to our business for continued success.

McDougal's acquired a huge amount of new sew-est purchasing machines to make their own masks during this pandemic. When all of our beginning machine purchasers are ready to upgrade to a more advance machine, we would like to remind everyone that we still offer a one-year full upgrade to the next class of any new machine. When you are ready for the next level of machine you will not loose any of your investment in your first McDougal's machine purchase.

Thank you for your continued business and support. We do appreciate you.
