MySewnet Owners Class 1
PC owners

Learn the Basics of your MySewnet software including: Opening designs, ways to move, manipulate and scale designs bigger or smaller. Also go into the Configure menu, saving designs and exporting them to sew out and much more!

Supply list:
1. Laptop/computer with software pre-loaded completely prior to class.
2. Paper/pencil for notes as needed.
3. Outside mouse if easier for you to use.
