PROJECTOR: STITCH PREVIEW

Enables you to easily preview whatever you plan to stitch on the fabric. Achieve perfectly placed stitching while saving precious time.

PROJECTOR: GRID AND GUIDELINES

Overlay helpful lines with adjustable angles and grids of adjustable sizes in sewing mode.

I IMAGINE.
IT DELIVERS.

EMBROIDERY PLACEMENT

Project the image of an embroidery on your hooped fabric for easy placement. Use the precise positioning feature to fine-tune the perfect placement. Easily match multiple hoopings to create embroideries at the ideal size.

LARGEST MACHINE EMBROIDERY HOOP ON THE MARKET

Included with the machine, the *creative*™ GRAND DREAM HOOP is the largest machine embroidery hoop on the market to accommodate larger embroideries in one hooping (360 x 350 mm).

POWER, STABILITY AND PRECISION

The *creative icon*™ 2 has a high needle-piercing power (150NWT) making it easier to sew heavyweight materials. The base plate is engineered to reduce vibrations and increase stability.

ENHANCED ORIGINAL IDT™

Integrated Dual Feed Technology (IDT™) from PFAFF® delivers remarkably even feeding of fabrics from the top and ensures perfect seams.

- Has its own power source for greater control
- Built-in sensor notifies you when to activate or deactivate this feature.

POWERFUL MARKET-LEADING LIGHTING

Bright, even lighting designed by optronic experts to show the true color of fabric and limit shadows on projects.

creative icon™ 2

Sewing & Embroidery Machine

The PFAFF® creative icon™ 2 sewing and embroidery machine ushers in a new era of sewing. It is the first sewing machine in the world to be engineered with artificial intelligence, voice control, and creative™ Embellishment Attachment capabilities. Just like sewists, the PFAFF® creative icon™ 2 sewing and embroidery machine is set up to continually reach perfection, getting smarter in bold, new ways.
