What to have pre-cut before class:

1. Three blocks of fabric cut 9"x 9" along with three 9"x9" stitch n ditch stabilizer.
2. Three strips 1.5" by 72" from along the selvage edge of the 2 yards you were planning on using for the border fabric. Cut off the selvage edge first, then cut the 3 strips. We'll be narrow hemming each of the three 72" X 1.5" strips and cutting them smaller. This is for the Spanish Hemstitch Block.
