Sew Comfortably!

Start/Stop Button

-  [Green]
Ready to start or while sewing
-  [Red]
Not ready to start
-  [Orange]
In bobbin winding condition

The color of the start/stop button indicates the status of the machine.

Quick Bobbin Preparation

The bobbin preparation is easy. Just follow the guide and it is not necessary to pull up the bobbin thread.

Auto Needle Threader

The needle threader easily threads the needle and allows you to start sewing quickly.

Lock Stitch/Pattern Completion Lock Stitch

You can locking stitch(3 stitches) just by pressing the button at the beginning or end of sewing. If you press the button while sewing a pattern, the machine stops after sewing one cycle of the pattern.

Sew Firm!

Needle Up/Down Position Button

Press the button to change up/down position of needle instantly. Also you can change needle stop position and can even sew a half stitch.

Presser Foot Pressure

When sewing thin or thick fabrics, you can get comfortable feed.

Buttonhole

HZL-HT710 sews the buttonhole automatically according to the size of the button.

HZL-HT710
