

Kids Spring Break Camp Supply list

This class is for kids ages 7-17 with moderate sewing skills. Students must be able to thread and operate their own machine, including changing settings, winding a bobbin and removing a jam, without assistance.

Bring from home:

Sewing Machine in good working order with all cords, feet and the book if you have it

Sewing Kit which should include fabric scissors, straight pins and pin cushion, seam gauge, fabric marker or chalk, seam ripper, hand sewing needle, large safety pin for inserting drawstring

For Project:

Simplicity # 9759 pattern (patterns can be bought online or at stores like JOANN's or Hobby Lobby).

Polar fleece or sweatshirt-type fabric *(purchase amount for the size you are making according to the chart on the back of the pattern envelope)

Thread to match

Size 80 ballpoint or stretch machine needle

Shoelace or hoodie replacement cord for hoodie drawstring (36" for child xs, longer for larger sizes. Standard hoodie replacement cord for adults is 52")

* The pattern calls lining fabric and interfacing which we will NOT need with polar fleece or sweatshirt fabric
