

Creativity That Grows With You.

THE TOPAZ™ FAMILY

Topaz™ | 55Q

Designer Topaz™ | 65

The HUSQVARNA® VIKING® TOPAZ™ family is designed for sewists, by sewists. Built to inspire, support, and grow with you as you create meaningful pieces worth sharing, these machines are more than just tools – they're part of your story.

The TOPAZ™ 55Q sewing machine offers generous sewing space, intuitive features, and a completely re-engineered automatic needle threader for smooth, effortless starts. Whether you're quilting, crafting, or refining your technique, this machine gives you the confidence to do more, beautifully and easily.

The DESIGNER TOPAZ™ 65 sewing and embroidery machine has everything the TOPAZ 55Q machine offers, bringing embroidery into your world, with a large embroidery area, Exact Position and specialty technique designs.

Both machines offer seamless connectivity and access to endless inspiration through CREATIVATE™. Spark your creativity and enhance your skills with an ever-growing collection of project ideas, embroidery designs, project instructions and machine tutorials. Whether you're a pro or just getting started, CREATIVATE's easy-to-use software will help you elevate all of your projects.

Proudly designed and engineered in Sweden, the TOPAZ™ family blends trusted heritage with modern innovation. It provides today's sewists with everything they need to continue growing, creating, and sharing.

**When you sew with purpose,
you sew with your heart.**

**From One Stitch,
A Whole World Grows.**

Automatic Needle Threader

With the push of a lever the Automatic Needle Threader easily threads your needle every time while saving you time.

Working Area

Almost 10" (250 mm) to the right of the needle gives plenty of room for bulky projects.

Strong Piercing Power

Sew thick fabrics or multiple layers easily with strong needle piercing power.

Automatic Thread Cutter

Cut your thread with just the touch of a button. You can also program your machine to do a thread cut after a seam or a sequence.

Automatic Presser Foot Lift

Raises the presser foot instantly when the needle is set to stop down and/or at the end of a seam after a thread snip.

Tapering on Decorative Stitches

Taper at the beginning and/or at the end of select decorative stitches. Change the angle of taper for unlimited creative opportunities.

Let Your Projects Sparkle.

"I wonder what happens if..."

For sewists,

Mikael Svensson

Based in Vänersborg, Sweden, Mikael Svensson has been surrounded by sewing since childhood – first watching his mother, then learning by her side. Over the years, he has established a reputation for creating everything from bridal gowns to expressive art quilts and intricate embroidery work. For the TOPAZ™ launch, Mikael contributed a decorative quilt, displayed like a textile artwork above a bed, and a minimal, linear bed throw to match. Passionate about teaching, experimenting, and sharing his craft, Mikael continues to inspire through both his work and his lifelong curiosity: "I wonder what happens if..."

Helene Koch

For the launch of the HUSQVARNA® VIKING® DESIGNER TOPAZ™ 65 machine, we collaborated with embroidery artist and illustrator Helene Koch, known for her detailed, nature inspired designs. From her studio in Sweden, Helene created a collection of embroidery motifs featuring ferns, flowers, and organic shapes – designed to work beautifully on their own or combined into larger, statement making pieces. With countless editing possibilities using CREATIVATE™ Software, your embroidery can grow as far as your imagination takes it. A passionate sewist herself, Helene finds joy in sharing her creativity and inspiring others, just like we do.
